

**CFFU ACTION PLAN WORKSHEET**

Position/Activity/Chair/Committee:

**Technical Services****Description/Purpose:**

Organize and promote club activities that promote the development of fly fishing skills among the membership. Monthly technical services activities should provide instruction in the technical aspects of the sport. Full day activities and other classes that provide the basis for more in-depth instruction in appropriate topics should also be scheduled. The technical services activities should reinforce other CFFU programs.

**Tasks and Activities:**

1. Obtain instructors for monthly Technical Thursday classes.
2. Organize full day and evening classes for more in-depth instruction.
3. Coordinate the curriculum of the technical Thursday classes with other CFFU activities such as the Coachman Program, the Fly Tyer Exchange, Outings and conservation programs.
4. Develop schedule of topics in cooperation with Outings and other directors.
5. Publish the annual schedule on the CFFU Website and in the CFFU Newsletter.
6. Provide the membership with sign up sheets and collect appropriate fees that support the cost of the instruction.
7. Write a monthly article for the website and the newsletter to advertise the planned classes and clinics.
8. Write a report for the website and the newsletter about the completed class or clinic and furnish any photos.
9. The classes and clinics should include, at a minimum: Beginning Fly Fishing; Beginning and Intermediate Fly Tying; Fly Casting; and, Rod Building.
